

HIMALAYAN Satin Standard of Perfection

American Satin Rabbit Breeders Association

www.asrba.org

HIMALAYAN Satin - (Black, Blue, Chocolate, and Lilac)

The entire body is to be pure white with a slight ivory cast except for the nose, ears, feet, and tail, which are to be colored. Eye stains are permissible. Dark toe nails are preferred, but light toe nails showing pigmentation are permissible. All toenails must match on the same and corresponding foot.

Color Of Markings--Black, Blue, Chocolate and Lilac compete together. The markings are to be of the surface color as described in the respective self varieties. Eyes-Pink for all varieties.

Faults--All colors--stray white hairs, barring, frosted color, brassiness, severely faded point color.

Disqualifications from Competition--Absence of color on the nose, ears, feet, and tail. Any color or smut on the usable portion of the pelt excluding color confined to the dewlap. Tan pattern markings. Definite clean, white spot(s) in colored markings. Do not disqualify for molting, frosting, or dilution which may make the point color faded or indistinct.
